

August 3, 2020

20 Years Keeping the New Providence Area Healthy!!

On August 1 we celebrated the **20 year** anniversary of New Providence Internal Medicine Associates! We thank you for your trust in us. It is our honor to be your partner in health.

Congratulations to Us!!

Our practice has been participating in "Comprehensive Primary Care Plus," a Medicare demonstration project since 2017, to show if we can improve quality and cost of care by proactively working to keep our patients healthy.

Our data from 2019 on quality of care, ability to keep our patients out of the hospital and Emergency Department, and patient satisfaction puts us in the top 1% of all New Jersey practices!!

Covid Updates

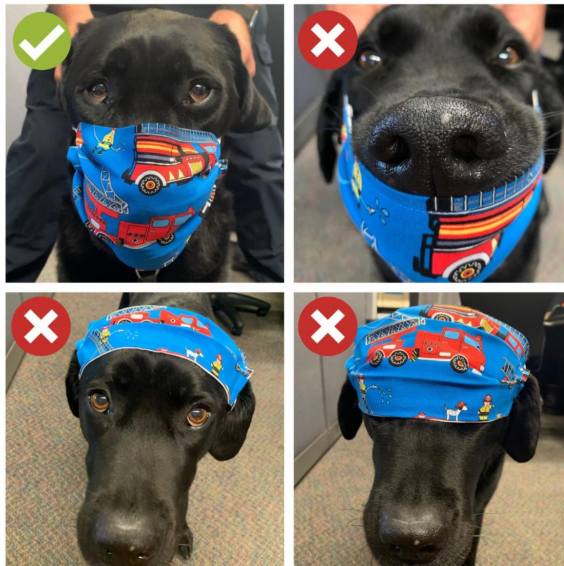

The number of Covid infections and deaths in New Jersey appears to remain relatively low. Thank you to all of you for following CDC guidelines to reduce

the spread of the virus.

Do not let your guard down! This virus will be with us for the foreseeable future. It is as important as ever to continue to :

- **WEAR A MASK**
- **SOCIALLY DISTANCE, AT LEAST 6 FEET**
- **WASH HANDS**

A video update on Covid from Dr Zukoff

**WEAR A MASK ANY TIME
YOU ARE NEAR OTHERS,
ESPECIALLY INDOORS.
WEAR IT CORRECTLY!**

PLEASE TELL US HOW WE ARE DOING

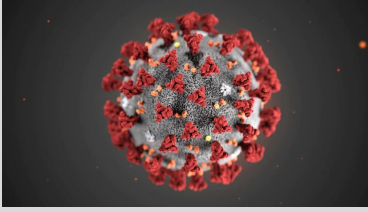

We've changed a lot of our routines to keep all of you (and all of us) healthy. Please click on the link below to answer a few brief questions (anonymously), so we can better understand your needs and concerns.
